1. The following is an examiner's statement of reasons for allowance:

The language of Independent claim 15, as it existed at the time of the declaration, was subsequently incorporated into claim 18 and then into currently existing independent claim 19 (to make the dependent claims independent).

The language of Independent claim 15, as it existed at the time of the declaration, was also subsequently incorporated into claim 21 and then into currently existing independent claim 22 (to make the dependent claims independent).

The "destination address" limitation referred to in the declaration with respect to claims 15, 23 and 27 which was removed from those claims is still removed from currently existing claims 19 and 22 (by virtue of those claims incorporating the language of claims 15 (claim 27 has been cancelled from the application).

The first numbered error from the declaration (unnecessarily including the term "uniquely" with reference to the association between the source identifier code and the message) applied to "ALL INDEPENDENT CLAIMS, EXCEPT claims 15, 23 and 27." The independent claims to which this error applied included claims 29 and 33. As above, the text of claim 29 was incorporated into currently existing claim 30 and the text of claims 33 was incorporated into currently existing claim 34.

Therefore, the errors recited in the declarations quoted above remain corrected by continuing the substantially identical language from the 2003 versions of the claims in the currently existing independent claims, even though the claim numbering has changed.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
